Product Description

Redneck Blinds The Big Country Platinum 360° 6X7 Box Blind

The Big Country Blind 360° 6X7 is perfect for the hunter who wants more space! It is the best blind for 3-4 adults or a family. The room, along with the visibility for all hunters, makes it the Best Hunting Blind on the Planet!

Special Note:

- The 6x7 Box Blind is not available on Blind Sled
- The 6x7 Box Blind requires a MANDATORY Support Bracket with all elevated Stands & Platforms
- The new one-piece EDPM automotive rubber window gaskets featuring a slip coat allow windows to open quietly without sticking.
- In addition, new HDPE adjustable window tension knobs are included on horizontal windows. Combined with our new one-piece foam gaskets, the 2025 blinds feature even better scent and moisture control.

Combine the 46" tall vertical windows with large oversized horizontal windows and a roomy interior, and you have the ultimate blind for compound bow, crossbow, or gun hunting. This combination of size and window functionality gives you plenty of room, visibility, and angles to make a perfect shot when the moment of truth arrives. There is plenty of room for 3-4 adults, a small family, or even enough room to sleep in comfortably overnight when you need that extra edge for an early morning hunt.

Quality Built

Made from long-lasting fiberglass with a durable gel-coat finish. The 2" roof overhang and window drip edge help keep rain off the windows, giving you a clear view of your hunting grounds. The interior of the blind comes with a closed-cell foam insulated ceiling, acoustical foam-covered walls, and a high-density foam pad underneath a marine-carpeted floor to provide superior sound control and insulation.

The 6x7 comes with three gear consoles and shelves with gun holders to help organize your blind, as well as one green LED light under the front. Large tinted, tempered automotive-glass windows with whisper-quiet window hinges provide a clear view. High-quality automotive window gaskets and door molding help keep your scent in, the blind dry, and the pests out. The fiberglass bottom prevents rotting and varmint damage.

Blind can be mounted to Redneck's heavy-duty powder-coated steel stands or their unique trailer stand. **The blind comes completely assembled.** Instructional DVDs and printed instructions are included to ensure safe setup. **Blind is made in USA.**

Standard Big Country Features Include:

- Made from long-lasting fiberglass
- Large tinted tempered, automotive-glass windows
- Vertical and horizontal glass windows for bow, crossbow, or gun hunting
- Silk screen black camo pattern on the lower half of vertical windows to help block views from deer and other game
