Product Description

Redneck Blinds The Predator Platinum 360° 5X6 Box Blind

The Predator Platinum 360° 5X6 Box Blind is a perfect two-person blind suitable for compound bow hunting, crossbow hunting or gun hunting. Redneck Blinds are the choice for professional hunters like Lee and Tiffany Lakosky, Bill Winke, Michael Waddell, Buck Commanders Willie Robertson, Luke Bryan, Heartland Bowhunters, and many others for good reason. They are the Best Hunting Blinds on the Planet!

- The new one-piece EDPM automotive rubber window gaskets featuring a slip coat allow windows to open quietly without sticking.
- In addition, new HDPE adjustable window tension knobs are included on horizontal windows. Combined with our new one-piece foam gaskets, the 2025 blinds feature even better scent and moisture control.

Quality Built

All box blinds are made from long-lasting fiberglass with a durable gel-coat finish. The 2" roof overhang and window drip edge help keep the rain off the windows, giving you a clear view of your hunting grounds. Acoustical foam-covered upper and lower walls combined with a high-density foam floor with a high-quality marine carpet provide the ultimate sound control and insulation. A mounted gear console and shelves with gun holders help organize your blind.

Large tinted, tempered automotive-glass windows with whisper-quiet window hinges provide a clear view. High-quality automotive window gaskets and door molding help keep your scent in, the blind dry, and the pests out. The fiberglass bottom prevents rotting and varmint damage.

Blind can be mounted to Redneck's heavy-duty powder-coated steel stands or their unique trailer stand or blind sled. The blind comes completely assembled. An instructional DVD and printed instructions were included to ensure a safe setup. Blind is made in the USA.

Standard Features Include:

- Made from long-lasting fiberglass
- Large tinted tempered, automotive-glass windows
- Vertical and horizontal glass windows for bow or gun hunting
- Silkscreen black camo pattern on the lower half of vertical windows.
- 2" roof overhang and window drip edge help keep the rain off the windows
- Closed-cell foam insulated ceiling, acoustical foam covered walls, and high-density foam pad underneath marine-carpeted floor provide for superior sound control and insulation
- 1 highly functional gear console pre-installed
- Built-in shelves and gun holders
- EZ-Pull silent window opening system for horizontal windows
- Green LED Under-mount Light
- Full line of blind accessories available
- Instructional DVD and printed instructions included
