Product Description

STIHL FCA 80 Battery Powered Edger

As the first battery-powered edger in the STIHL AK Homeowner System, the FCA 80 brings the same exceptional power and performance as its gas-powered counterpart, the FC 56 C-E. With a curved shaft, loop-handle design and an adjustable depth wheel, this edger helps achieve a precise cut with ease and comfort. Equipped with a brushless motor, the FCA 80 is virtually maintenance free. With two speed levels, you can optimize performance based on your needs—reduce speed for extended run times or raise it for maximum power. Homeowners will enjoy adding this powerful precision tool to their yard care lineup.

- Made in America
- Adjustable Depth Wheel
- First battery-powered edger in the STIHL AK System
- Equivalent power to its FC 56 C-E gas counterpart
