### Product Description

## STIHL MS 182 CBE Chainsaw - 16"

Designed with an updated modern look, the MS 182 C-BE is a STIHL gasoline-powered chainsaw that homeowners can count on. The MS 182 C-BE is built with more power than the MS 172 C-E. Its lightweight design helps reduce your fatigue when using the product for an extended period without forfeiting the powerful performance that you have come to trust from STIHL. The chainsaw's 16-inch Light 04 guide bar consists of three metal plates electrically welded together for a lightweight yet stable feel, and a narrow bar nose is designed to help reduce kickback. Equipped with a Quick Chain Adjuster and STIHL Easy2Start™ technology, the MS 182 C-BE is designed for homeowners to get to work quicker when taking on woodcutting tasks around the home.

### Features
