Product Description

Stihl SR 200 Wearable Liquid Sprayer (Blower Hybrid)

When you need more power than a manual sprayer, but want the same portability, the STIHL SR 200 is the answer. This value-priced sprayer is in a class of its own, featuring a low exhaust emission, fuel-efficient engine that delivers up to 20% better fuel economy than most conventional two-stroke engines. It's easy to use with a one-hand joystick-style control handle and provides excellent control over rate and range of spray. Because it's a STIHL, it uses high-quality components and a comfortable, ergonomic design. With the SR 200 backpack sprayer, a little goes a long way.

Features
