Product Description

EGO POWER+ 56V 5.0Ah ARC Lithium™ Battery - BA2800T

The EGO 56V 5.0Ah ARC Lithium™ Battery uses industry-leading technology to deliver Power Beyond Belief™. Its patented ARC Lithium™ design keeps the battery from overheating by pushing heat away so your equipment runs longer at full power. Its durable, shock-resistant design protects batteries from drops and the elements. Intelligent power management monitors and optimizes each individual battery cell to maximize power, performance, and runtime. This 5.0Ah battery features a fuel gauge with built-in indicator lights that show how much runtime is remaining in 20 percent increments. The 5.0Ah battery fully charges in 30 minutes with the EGO POWER+ Turbo Charger (CH7000), 40 minutes with the Rapid Charger (CH5500), 70 minutes with the 320W Charger (CH3200), and 100 minutes with the Standard Charger (CH2100). Two 5.0Ah batteries will fully charge in 80 minutes with the EGO Power+ Dual-Port Charger (CH2800D). With the industry's most advanced battery technology, every EGO tool delivers or exceeds the power and performance of gas without the noise, fuss, or fumes.

TECH SPECS

- ARC Lithium™ design keeps battery from overheating so equipment runs longer at full power
- Shock-resistant design protects batteries and electronics from drops and the elements
- Intelligent power management optimizes individual battery cells for maximum power, performance, and runtime
- Charges in 30 minutes with EGO Power+ Turbo Charger (CH7000)
- Fuel gauge indicator lights display remaining runtime in 20% increments
- Compatible with all EGO tools
- Capacity: 280Wh
- Weight: 4.8 lbs
- 3-year limited warranty
