Redneck Blinds Twin Platinum 360° 4X6 Box Blind

Introducing the Redneck 4x6 Twin Hunter: A Practical Hunting Solution

Get a free deluxe seat (\$199.99) & gun rest (29.99) with your purchase until April 30th.

The new **4x6 Twin Hunter** hunting blind is designed with functionality and durability in mind. It features two oversized horizontal front windows and excellent shooting angles for two hunters, making it an ideal choice for crossbows and gun hunting. Its spacious 4' x 6' interior ensures ample room for comfort, even during extended hunts.

For hunters who prefer a more compact, solo hunting experience, the [4x4 Solo Hunter Box Blind](#) by Redneck Blinds offers a great alternative. Designed for one person, the Solo Hunter blind includes many of the same high-quality features as the Twin Hunter but in a smaller, more portable package.

Durable and Built to Last

Constructed from sturdy fiberglass with a gel-coat finish, this blind is made to withstand the elements season after season. Its well-thought-out design offers a balance of comfort, durability, and practicality, meeting the needs of hunters in a wide range of conditions.

Designed for Longevity and Protection

The fiberglass bottom provides added protection by preventing rotting and damage from varmints. This feature not only extends the life of the blind but also gives hunters peace of mind in the field.

The **4x6 Twin Hunter** is a dependable option for those seeking a hunting blind that emphasizes quality construction and thoughtful design, providing a comfortable and efficient experience without unnecessary frills.

Updated Window Gasket and Knob System for 2025

- The new one-piece EDPM automotive rubber window gaskets featuring a slip coat allow windows to open quietly without sticking.
- In addition, new HDPE adjustable window tension knobs are included on horizontal windows. Combined with our new one-piece foam gaskets, the 2025 blinds feature even better scent and moisture control.

Standard Hunting Blind Features Include:

- Quality fiberglass construction with gel-coat finish for years of use
- Large tinted tempered, automotive-glass windows with whisper-quiet hinges and high-quality automotive window gaskets
- Horizontal glass windows for crossbow or gun hunting
- Closed-cell foam insulated ceiling, acoustical foam-covered walls, and high-density foam pad underneath marine-carpeted floor provide for superior sound control and insulation
