### Product Description

## Redneck Blinds 5ft Deluxe Stairway System

### Benefits of the Deluxe Stairway System

With stout, powder-coated steel stair treads with a width of 20.5" and 8" deep, each step up to your blind provides a sturdy and slip-resistant approach when entering and exiting the blind. In addition, the handrails throughout both sides of the Stairway provide ample places to hold onto as you ascend or descend from your blind providing an extra level of safety unparalleled.

\*If you already own a 5ft or 10ft Deluxe Stand & Porch Extension, the option to purchase only the ladder to the 5ft or 10ft Deluxe Stairway is available.

\*\*If you already own a 5ft or 10ft Deluxe Stand, but DO NOT have a Porch Extension, the 5ft Deluxe Stairway (Ladder Only) **will not be compatible by itself.**

Porch Extensions are REQUIRED for the Stairway to mount on a 5ft or 10ft Deluxe Stand.
