Product Description

ECHO Power Edgers...The Perfect Edge for a Perfect Look!

ECHO Perfect Edge™ edgers create that perfect manicured look for commercial properties and residential home sites. Nothing finishes a yard like a crisp edge between a sidewalk and the turf.

An ECHO edger delivers superior power and durability in lightweight and easy-to-manuever units. Most ECHO edgers feature a Pro-Torque™ gear case that provides 20% more torque than traditional equipment and a clog-resistant shield to keep material from piling up and slowing down the blade.

Features may include:

- 25.4 cc professional-grade two-stroke engine manufactured from military-grade magnesium
- Tool-less access for convenient in-field servicing
- Large 21 fluid ounce fuel tank for an extended run time between fill-ups
- Easy height-adjustment wheel with captive hardware
- A two-stage air filtration system dramatically increases cleaning capability and allows for longer maintenance intervals
- Easy start-ability especially for re-starts in hot, dusty climates
- Contoured, aluminum debris shield with a cut-away, open face to reduce clogging
- 2:1 gear reduction to power through tough overgrown grass
