Product Description

Scag Classic Blower - 15" Impeller

Ready to roll when you are, the Classic Blower clears leaves and other debris away with ease and efficiency. With large pneumatic rear tires for easy rolling, this nimble and powerful machine is ready to roll when you are.

FABRICATED AND BALANCED, 15-INCH, 4-BLADE IMPELLER

Heavy-duty blower construction ensures years of dependable service and worry-free performance. The 15" steel, the 4-blade impeller is dynamically balanced for smooth operation. The impeller mounting utilizes a keyed crankshaft, bolt with tread-lock

1,392 CFM

Massive air output of up to 1,392 CFM provides an incredible ground-clearing force on a variety of surfaces and applications. A 2° blower discharge tilt gets airflow under leaves without losing ground clearance.

BRIGGS & STRATTON 6.5 HP ENGINE

A proven and powerful 6.5 hp Briggs & Stratton® engine provides years of smooth and reliable performance.
